# STRETCHED CARS

- » As a highlight in stretching of limousine without armouring you can rely on KMS Enterprise AG project Rolls-Royce Phantom extended on the each door at 16 cm and 10 cm roof raised. We create the real comfort for VIP passengers on the rear seats to increase legroom and enlarging interior space by roof rising.
- » Car's stretching is carried out on German plant, specialising in car prototypes and relevant technologies. Accumulated unique experience in body manufacturing and suspension elements for the prestigious car brands enabled the company KMS Enterprise AG to produce unique cars
- » Our bestsellers are extended limousines based on Mercedes S500L and S600L. Stretching up to 50 cm both in the middle, and by means of front doors, rear doors and C pillar A stretched car acquires new exclusive aesthetics

We present here the pictures of stretched S-class on front doors (15cm) and rear doors (25cm)

KMS Enterprise AG offers the similar extension design for BMW, Audi, Range Rover, Toyota Land Cruiser 200, Lexus LX450

- » KMS Enterprise AG individually approach client's wishes on exclusive cars manufacturing, maintaining confidentiality and high level of all the details in project implementation.

# ARMOURED CARS

»

We started our business in year 2000 by selling of armoured cars.

Working with leading armouring companies like O'Gara-Hess&Eisenhardt (USA), Janker Armouring (England), Labbe (France), Carat Duchatelet (Belgia), Stoof International (Germany), SVOS (Czech Republic), - we acquired the uniq experience in armouring by the highest level of protection.

We started our own projects in 2003 and now we have the wide range of car makes that we offer as an armoured version: Mercedes-Benz, BMW, Audi, Range Rover, Toyota Land Cruiser 200, Lexus LX450 and some other car's models according to client's requirements.

# STRETCHED AND ARMoured CARS

- » KMS Enterprise AG in its valued history counting from 2000 is only company in the world, which fulfilled projects by stretching at 40-50cm of factory armoured
    - Mercedes-Benz S600 Guard,
    - BMW High Security
    - Audi A8 Security limousines.
- These projects made KMS Enterprise AG and its trade mark "ARMORTECH" as a leading in car conversion
